Mr. Philip A. Munz
Pomona College
Claremont, California

Dear Sir:

I should be glad to have mosses from California if they were already named, but am too busy to undertake to study any large collections from that State. It is just possible that Dr. A. LeRoy Andrews of Cornell University might be interested in this letter of yours and I will forward it to him and the mosses also when they come.

Sincerely yours,

Elizabeth G. Britton
Honorary Curator
